

# Auto TOC

Starting in [Tiki12](#), a new feature to allow adding an automatic Table Of Contents ("Auto TOC") has been added to the Wiki. And starting in [Tiki23](#), you can have more options via [PluginAutoTOC](#)

## Enable it

Auto-toc can be enabled as admin through the admin panel in "**Admin home > Wiki > General Preferences (Tab) > Section Automatic table of contents (Page Display before Tiki 15) > Wiki auto-toc**"

You can also choose:

- the default for each page (which can be overridden per page)
- If the top TOC should be inserted into the page content or not
- Position left or right
- Offset from the top

Automatic table of contents

Wiki auto-toc	<input checked="" type="checkbox"/> ? ↻
Table of contents default	Off <input type="text"/> <input type="button" value="v"/> <input type="button" value="i"/> ↻ <input type="button" value="✓"/>
Inline auto-toc	<input checked="" type="checkbox"/> ? ↻ <input type="button" value="✓"/>
Table of contents position	Right <input type="text"/> <input type="button" value="v"/> <input type="button" value="i"/> <input type="button" value="✓"/>
Table of contents offset	10 <input type="text"/> <input type="button" value="pixels"/> <input type="button" value="v"/> <input type="button" value="i"/> <input type="button" value="✓"/>

Click to expand

Auto TOC is not included in the print view of the page.

## Usage

Auto-toc will add the TOC in two places.

1. A static TOC located at the top of the page. The TOC is inserted into the page content at runtime.
  - Example:

**Thank you for installing the Collaborative Community Profile**

We recommend you visit the [Instructions](#) page to learn how to manage and use this profile

- Thank you for installing the Collaborative Community Profile
- Welcome to Our Community
  - Step 1: Explore
  - Step 2: Ask a Question and Give Feedback
  - Step 3: Contribute

**Welcome to Our Community**

Welcome to our community site, the goal of this project is to create a knowledge hub for everyone who is interested in this subject to participate and collaborate together.

**Step 1: Explore**

- Search for Content
- Visit Wiki Pages
- Read Blogs and Forums

**Step 2: Ask a Question and Give Feedback**

- Register to become part of the community
- Ask questions in the Forums
- Give feedback using Comments at the bottom of any page

**Step 3: Contribute**

- Start Creating, Editing and Enhancing our Community Knowledge Base.

Click to expand

2. A floating TOC, located at the top of the browser window. This TOC is only visible when you scroll down past the top of the page.

◦ Example:

trunk/tiki-index.php

**Step 2: Ask a Question and Give Feedback**

- Register to become part of the community
- Ask questions in the Forums
- Give feedback using Comments at the bottom of any page

**Step 3: Contribute**

- Start Creating, Editing and Enhancing our Community Knowledge Base.

Additionally, you can also see it in action in the screencast below.

```
{flash type="url" movie="https://dev.tiki.org/display372" width="550" height="500"}
```

## Disable it in some pages

You can disable it in some wiki pages. In order to do so, edit the page, go to the properties tab, and set **Page display options > Automatic Table of Contents generation** to **off**:

## Edit: HomePage

Search icon

Edit page Properties No Tabs

Apply template: none Admin Content Templates

Upload file: Selecciona el fitxer Cap fitxer seleccionat. Comment: Attach

Language: English (en)  
To translate, do not change the language and the content. Instead, create a new translation in the new language.
