

Mod clock

Mod clock is a very neat borderless module holding a ticking clock.

Install

See [Mods Admin](#) for instructions on how to install a Mod.

Usage

Once installed, you will see it under "Admin > Modules" (**tiki-admin_modules.php**):

You can assign a this [Module](#) to a lateral column (See [Module Admin](#) page if needed), or you can include it within a wiki page, using the [PluginModule](#).

The assigned module looks like this:

And if you click on the button with the time, you will get some message like this:

See [Mod worldclock](#) to get another type of clock on you tiki site.

- [Mod worldclock](#) - another type of clock
