## Parameters

Show details of payments. The payments considered may be restrained by user or date.

Introduced in [Tiki 16.2](#).

[Go to the source code](#)

Preferences required: `wikiplugin_paymentlist`, `payment_feature`

| Parameters              | Accepted Values   | Description   | Default            | Since |
|-------------------------|---|---|--------------------|-------|
| <code>max</code>        | <code>digits</code>   | <code>-1</code>   | 16.2               |       |
| <code>filter</code>     | <code>text</code>   | URL encoded string for advanced searching (e.g. <code>description=Club+Membership&amp;details=info@example.com</code> ) |                    | 16.2  |
| <code>date_end</code>   | <code>date</code>   | Date range end  |                    | 16.2  |
| <code>offset</code>     | <code>digits</code>   | For pagination  | 0                  | 16.2  |
| <code>payer</code>      | <code>email</code>  | Payments by anonymous where the payer's email is recorded   |                    | 16.2  |
| <code>sort</code>       | (blank)<br><code>login_asc</code><br><code>login_desc</code><br><code>amount_asc</code><br><code>amount_desc</code><br><code>payment_date_asc</code><br><code>payment_date_desc</code><br><code>request_date_asc</code><br><code>request_date_desc</code> |   | 16.2               |       |
| <code>date_start</code> | <code>date</code>   | Date range start, accepts most date formats   |                    | 16.2  |
| <code>user</code>       | <code>username</code>   | Payments by a particular user   |                    | 16.2  |
| <code>format</code>     | <code>total</code><br><code>table</code><br><code>json</code>   |   | <code>total</code> | 16.2  |

|      |   |              |      |      |
|------|---|--------------|------|------|
| type | past<br>outstanding<br>cancelled<br>overdue<br>authorized | Payment type | past | 16.2 |
|------|---|--------------|------|------|

## Examples

### Example 1

This code:

```
{paymentlist type="past" format="table" user="someusername" date_start="2016-05-01" date_end="2017-01-17" filter="description=mykeyword"}
```

Would produce something like:

| ID | Description  | Amount   | Date Paid  | Type   | User       | Payer  |
|----|--|----------|------------|--------|------------|--|
| 15 | Adhésion à Associé - nouveau - payé pour [redacted] (x1) | 0.10 CAD | 2016-05-27 | paypal | [redacted] | [redacted]  |
| 25 | Membership to Associé to 2017-03-15 for [redacted]       | 0.15 CAD | 2016-06-23 | paypal | [redacted] | [redacted]  |
