

This is a documentation status Tag used to indicate the [Documentation Status](#) of a page. See [How to Tag](#) for more information.

Some tips:

- Merged page should become an [alias](#) in the new page, so as not to break links.
- Check the only main page is in structure
- Check all backlinks and try to send all to main main page.
- Page with richest history should generally be kept
- Main page should be the one in [Keywords](#)
