

Action Calendar

The Action [calendar](#) is a [module](#) which shows system events in a chronological order. Also known as the Tools Calendar

Please add this page to the [refactor](#) list. The feature has changed substantially and the graphics no longer show what the user will experience. Especially the 2nd one.

Tiki Calendar
November

S	M	T	W	T	F	S
25	26	27	28	29	30	31
01	02	03	04	05	06	07
08	09	10	11	12	13	14
15	16	17	18	19	20	21
22	23	24	25	26	27	28
29	30	01	02	03	04	05

examples of actions:

creation or edit of a wiki page

upload of a file including date and time, user, and description.

REQUIRES:

permission `tiki_p_view_tiki_calendar`.

Activate feature in Admin>Calendar

EVENT LISTING

Once you have the calendar active you can click on a day to see the listing of events for that day. (sorry for the slightly chopped up screenshot)

The screenshot shows the 'Tiki Action Calendar' interface. At the top, there are navigation buttons: 'Do not group by item', 'Filter', and 'List View'. Below these are icons for different calendar views: a grid (highlighted with a red box), a week view, a month view, and a list view. Navigation links include '<< Day', '<< Week', '<< Month', 'Focus: Tuesday 11 of November, 2008', 'Day >>', 'Week >>', and 'Month >>'. A central bar shows '« November 11 »'. The main content area is a table with two columns: 'Hours' and 'Events'. The 'Hours' column lists times from 15h to 23h. The 'Events' column shows updates to wiki pages: '16:29 : wiki page : [Learning](#) - 16:29 : Updated by Joanne', '16:25 : wiki page : [Teaching \(x2\)](#) - 16:25 : Updated by Joanne, - 16:26 : Updated by Joanne', and other empty rows.
