## To Access

From the Look and Feel Admin page, click the **General Layout Options** tab.

Option	Description	Default
Fixed width	Restrict the width of the site content area, in contrast to a liquid (full-width) layout.	Enabled
Layout width	The width of the site's content area (Bootstrap container div), centered in the browser window.  <i>The default is 1170px.</i>	1170px
Site layout	Changes the template for the overall site layout  <i>Important: when using the Classic Bootstrap (fixed top navbar) layout, be sure to set the fixed-top navbar height, below, to prevent content overlap.</i>  Single Container   Classic Tiki (3 containers - header, middle, footer)   Classic Bootstrap (fixed top navbar)	Classic Bootstrap (fixed to...
Enable layout per page, etc.	Specify an alternate layout for a particular wiki page, etc. 	Disabled
Fixed-top navbar height	For the Classic Bootstrap or equivalent layout, specify the height of the navbar in fixed position at the top of the page. The logo module image assigned to the top module zone will scale to display correctly here.  <i>Clear the Tiki system cache for this change to take effect.</i>	90 px
Header bar and Address bar color	Change the color of header bar and address bar according to the theme.	Disabled
Default color mode	Change the default color mode for active theme  auto   dark   light	Auto

Option	Description	Default
Admin layout	Specify which layout template to use for admin pages. 👉 <i>Note: this does not affect the Unified Admin Backend. Only the legacy admin pages when UAB is disabled. An admin theme must be selected first.</i> ☰ Single Container   Classic Tiki (3 containers - header, middle, footer)   Classic Bootstrap (fixed top navbar)	Classic Bootstrap (fixed to...
Site logo and title	Display a site logo image and/or title in the page header area. ⚠️ <i>This setting is expected to be moved from here to the admin-modules page.</i>	Enabled
Logo source (image path)	This can be a conventional path to the image file, or the syntax for an image in a Tiki gallery.	img/tiki/Tiki_WCG.png
Logo title (on mouseover)	This appears as tool tip text. The site logo is also a link to the site index (top page).	Tiki-powered site
HTML "alt" tag description	Normally a description of the image, such as "Example.com logo" 👉 <i>Used by text browsers, screen readers, etc.</i>	Site Logo
Site logo upload icon	Display an icon for admins to be able to change or upload the site logo.	Enabled
Site title	The displayed title of the website.	None
Subtitle	A short phrase that, for example, describes the site.	None
Top module zone	Activate zone for modules such as site logo, log-in form, etc. (page header) ☰ Only if one or more modules are assigned   Always   Never	Only if one or more modules..
Topbar module zone	Activate zone for modules such as horizontal menu (navbar), search form, page-wide content, etc. ☰ Only if one or more modules are assigned   Always   Never	Only if one or more modules..
Page top module zone	Activate zone for modules such as breadcrumbs, banners, share icons, etc ☰ Only if one or more modules are assigned   Always   Never	Only if one or more modules..
