

# Group Transitions

Enables transitions for users between different groups. Transitions will create a user approval workflow.

Please see:

[http://dev.tiki.org/Workspace+Roadmap#Group\\_transitions](http://dev.tiki.org/Workspace+Roadmap#Group_transitions)

Try it:

[http://profiles.tiki.org/Group\\_Transition\\_Demonstration](http://profiles.tiki.org/Group_Transition_Demonstration)

Until Tiki5, you need to write your transitions using profiles. Starting in Tiki6, there is a GUI at `tiki-admin_transitions.php`
