

My Account top page

The screenshot shows the 'My Account' page with a navigation bar at the top. The navigation bar includes links for 'My Account', 'Preferences', 'My Info', 'My Watches', and a 'More' dropdown menu. The 'More' dropdown menu is open, displaying a list of features: Messages, Tasks, Bookmarks, Webmail, Contacts Preferences, Notepad, Mini Calendar, Action Log, and Social networks. Below the navigation bar, there is a section titled 'My pages' which contains a table with columns for 'Page', 'Creator', and 'Last updated'. The table lists several pages, each with a 'y' in the 'Creator' column and a 'y' in the 'Last updated' column. Each row also has a small edit icon on the right side.

Page	Creator	Last updated
[blurred]	y	y
[blurred]	y	y
[blurred]	y	y
[blurred]	y	y
[blurred]	y	y

My Account navigation links

These navigation links are displayed in all My Account sections. From left to right, the links point to: the My Account top page (the URL is still named *tiki-my_tiki.php* for historical purposes), Preferences, My Info, My Watches, and, under "More", Messages, Tasks, Bookmarks, Webmail, Contacts Preferences, Notepad, Mini Calendar, Action Log, and Social networks. The actual array of links at any particular Tiki site will depend on what features have been activated.

Page content

The top "My Account" page lists items that have been created by the user, including wiki pages, blog posts, articles, forum posts, assigned items from the trackers, messages and tasks and so on. Links to view the pages, etc. and to edit them are provided. The user can configure which of these listings will appear on the My Account page from his or her user preferences page.
