Description

MeetingID for BigBlueButton. This is a 5 digit number, starting with a 7. Ex.: **77777** or **71111**.

Enable or Disable the display of attendees list.

Enable or Disable the display of video recordings.

Default	Since
	5.0

voicebridge

digits

welcome

text

Unregistered users will get this token prepended to their name.

The phone-in support number to join from traditional phones.

URL to which the user will be redirected after logging out of BigBlueButton.

Code to enter for phone attendees to join the room. Typically, the same 5 digits of the MeetingID.

A message to be provided when someone enters the room.

5.0

recording

0

1

The recording starts when the first person enters the room, and ends when the last person leaves. After a period of processing (which depends on the length of the meeting), the recording will be added to the list of all recordings for this room. Requires BBB ≥ 0.8 .

0

5.0

Tip

You should give both `tiki_p_bigbluebutton_join`, `tiki_p_bigbluebutton_create` and `tiki_p_bigbluebutton_view_recordings` permissions on the room (not globally). This is useful in case the BBB server is rebooted.

EXAMPLE

```
{bigbluebutton name="Room-Number" prefix="Guest: " voicebridge="Room-Number" logout="URL-of-the-logout-page"
  recording="1"}
```

You can see an example at [Live](#). Below is a screenshot:
