

# Stored Search

Tiki offers stored (saved) search in conjunction with Elasticsearch or Manticore Search.

Underlying technology:

- <https://www.elastic.co/blog/percolator-redesign-blog-post>
- [https://manual.manticoresearch.com/Searching/Percolate\\_query](https://manual.manticoresearch.com/Searching/Percolate_query)

This is configured at `tiki-admin.php?page=search` -> Stored Search
