

# Wiki Features tab

## Overview

Use this tab to enable and configure specific wiki features.

## To Access

From the [Administer Wiki](#) page, click the **Features** tab.

Related Topics

- [Wiki](#)

---

## Option

[Add a slideshow button on wiki pages](#)

[Backlinks](#)

[Backlink page names maximum displayed length](#)

[Show articles](#)

## Description

Present a list of pages that link to the current page.

 *If the text is longer, it will be truncated after that length. Special value "0" disables truncation.*

Articles linking to a wiki page are shown as backlinks.
