

# Module More Like ThisÂ (search\_morelikethis)

This Module uses the unified search to provide similar documents.

## Parameters

Uses the unified search to provide similar documents.

[Go to the source code](#)

*Preferences required:* feature\_search

| Parameters               | Accepted Values | Description  | Default | Since |
|--------------------------|-----------------|--|---------|-------|
| <code>typefilters</code> | text            | Comma-separated types to allow.  |         |       |
| <code>textfilters</code> | text            | Comma-separated text search filters to use. Use "=" to separate field and value.                                       |         |       |
| <code>object</code>      | text            | The object id of the item. If none is provided, Tiki will attempt to resolve the current object.                       |         | 16    |
| <code>type</code>        | text            | The object type of the item (eg. "trackeritem"). If none is provided, Tiki will attempt to resolve the current object. |         | 16    |
