

This page is for keeping a record of the custom CSS used at this website, which is input in the Look and Feel admin Custom CSS textarea. When that content is edited, this page should be updated with the new content. Then if there is any question about the custom CSS that was used in the past, the page history here can be checked.

```
/****** Please update Doc_tiki_org_custom_CSS when this code is updated *****/ /* Change logo
from black to white */ img.sitelogo {filter: invert(100%); } /* Next two: add to theme or
tiki_base before Tiki 25.beta */ :root { --tiki-top-dark-bg-color: #717826; --tiki-top-dark-link-
