

# Mods Type Themes

These mods will install as new themes on your TikiWiki site.

Alternatively, you install themes by hand from <http://themes.tiki.org>. See <http://tikiwiki.svn.sourceforge.net/viewvc/tikiwiki/mods/trunk/themes/> for the web view of the Subversion mods repository, and [http://themes.tiki.org/tiki-directory\\_browse.php?parent=12](http://themes.tiki.org/tiki-directory_browse.php?parent=12) for links to the latest versions of new and maintained themes in the mods repository.

See [Styles and Themes](#) for more information.
