User Calendar

× The calendar can be used to let the users keep a track of events and see them in several forms.

A bar is used to navigate the calendar, the navigation bar has the following format:

Add	Prefs	Daily	Weekly	List	Expo	rt			Im	port	:	
Upcomin	g events						C	ale	ndar	-Filt	er	
									< 2			
						S	м	T	2	Т 3	F 4	5
						6	7	8	9	10	11	12
						13	14	15	16	17	18	19
						20			23	24	25	26
						27	28	29	30			
					Today							

We'll explain each option below.

The daily view will show the upcoming events list (the next n events to occurr), the calendar to navigate your calendar and the

20:00 UTC 21:00 UTC list of events for the day. You can navigate the daily view using the calendar or the < and > links at the top of the list to go to the next or previous day.

Weekly view

∮jun 14-jun 20 ▷	
<u>Mon</u> <u>14</u>	
<u>Tue</u> <u>15</u>	
<u>Wed</u> 16	
<u>Thu</u> 17	
<u>Fri</u> <u>18</u>	
Wed 16 Thu 17 Fri 18 Sat 19	
<u>Sun</u> 20	

The weekly view shows the events for the current week and you can go to the next and previous week using the < and > links at the side of the week information.

Exporting

The export link can be used to export your tiki calendar to a CSV file that can be used to import your events into Outlook.

Importing

Then you have a box to import events from a CSV (comma separated values) file, you can use it to import events from Outlook, just export your outlook calendar as a CSV file (DOS) and you will be able to import all your events to the Tiki calendar.
