

Wizards

Starting in [Tiki12](#), some wizards were added to Tiki to help in the initial setup based on configuration templates like "Macros" (**Profiles Wizard**), as well as further site configuration (**Admin Wizard**), to help you while upgrading your tiki site to see what's new (**Changes Wizard**), and to help you as site admin to collect more information from your users if you need it (**Users Wizard**).

Tiki Setup

Get Started

✔ Congratulations! You now have a working instance of Tiki 12.3svn. You may [start using it right away](#), or you may configure it to better meet your needs, using one of the configuration helpers below.

 **Tip** 
Mouse over the icons to know more about the features and preferences that are new for you. Example:  

 You may start by applying some of our configuration templates through the **Configuration Profiles Wizard**. They are like the **Macros** from many computer languages. 

[Start Configuration Profiles Wizard \(Macros\)](#)

 Alternatively, you may use the **Admin Wizard**. This will guide you through the most common preference settings in order to customize your site. 

[Start Admin Wizard](#)

 Or you may use the **Upgrade Wizard**. This will guide you through the most common new settings and informations in order to upgrade your site. 

[Start Upgrade Wizard](#)

 Use the **Admin Panel** to manually browse through the full list of preferences.

[Go to the Admin Panel](#)

Server Fitness

To check if your server meets the requirements for running Tiki version 12.3svn, please visit [Tiki Server Compatibility Check](#).
